

Evidence-based Quality Intervention Practices (EQIP) ~ Give and Get Document

	EQIP Site Get - (MDE/MNCoE Give)	EQIP Site Give - (MDE/MNCoE Get)	Children and Families Get
Administrative	<ul style="list-style-type: none"> Programs receive Regional PDF support throughout each stage of implementation to create systems to address each of the critical elements as outlined in the Benchmarks of Quality, which will help ensure that EQIP is installed with fidelity. 	<ul style="list-style-type: none"> Administrator is active in problem solving to ensure the success of the innovation and is visibly supportive of the adoption of the model. Administrator will support the implementation team by attending meetings and trainings. Administrator will present information regarding the innovation structure to local school board to ensure their approval and support. 	<ul style="list-style-type: none"> Families will receive intervention that is individualized, flexible and responsive to their unique circumstance.
Data-Based Decision Making	<ul style="list-style-type: none"> Programs receive training and support to create a system to use data to inform practice. Data managers will receive training and support to collect, enter, and analyze data points. Coaches and interventionists will be trained to use these data collection tools: BOQ and Coaching Log. 	<ul style="list-style-type: none"> Programs will submit data bi-annually to MDE to help with informed decision-making at the local, regional and state levels. Data managers will require release time to compile, analyze and present program data. 	<ul style="list-style-type: none"> Families increase their confidence and competence in supporting their child's needs through increased parenting knowledge and skills in ways that support their child's unique needs.
Professional Development	<ul style="list-style-type: none"> Early intervention team will receive training on content and implementation modules provided by EQIP Trainers. Regional PDF will support the program in creating and implementing a plan for ongoing training and professional development. Interventionist and families will receive ongoing professional development supports in working together as a team to systematically and regularly exchange expertise, knowledge, and information to build team capacity and jointly solve problems, plan and implement interventions. 	<ul style="list-style-type: none"> Administrators will provide release time for all necessary staff to attend implementation guide trainings, delivered by EQIP Trainers, to ensure program implementation to fidelity. Facilitation teams will determine ongoing Professional Development needs based on program wide data and staff feedback. 	<ul style="list-style-type: none"> Families and interventionists work together as a team to plan and implement supports and services in order to have their unique needs met.

This initiative is made possible through partnership with the Minnesota Department of Education using federal funding CFDA #84.181 Special Education.
